

NEWSLETTER

Over the past 13 years, Alms360 has supported thousands, leading to the creation of our flagship initiative — the Blessing Center. This all-in-one platform addresses climate change, education, and community empowerment with a special focus on widows. Women gain skills, children access education, and communities learn about the growing importance of dementia awareness.

LODHARA CENTER

- All departments continued to operate in an organized and efficient manner throughout the month.
- Sewing Center: In December, final assessments were conducted for the Stitching courses, where all students successfully passed and were provided with sewing machines for practical use.
- Mukesh Center: in the final test, students completed Mukesh embroidery designs using metallic threads and decorative materials, demonstrating accuracy, creativity, and neat finishing..
- Tuition Center: Final tests were completed, winter holidays were observed, and new classes have begun.
- Quran; Islamic ethical teachings are being systematically incorporated into the curriculum to strengthen students' moral conduct and values.

KOT CENTER

The Kot Center has continued to operate efficiently, maintaining a steady increase in student enrollment. The center is addressing the growing community demand for both educational and skill development opportunities. During this period, students have progressed in Quran learning with translation, while teachers have emphasized the consistent practice of Islamic teachings to strengthen moral values, good character, and overall personal development. The center remains committed to nurturing students for a secure and promising future through structured and impactful learning programs.
